

Welcome to our June Newsletter.

Well the Game Bird season for mallards has now closed with mixed results but the Paradise duck season carries on until the 23rd of June. There have been some big mobs of parries around the district so Fish and Game may reintroduce the special season next year, but we will keep you posted on that.

Our Hunters Element Avalanche SALE is still running until the 10th of June so don't miss out on some great gear for winter at great prices.

For the head light junkies this is the latest release from LEDLenser and it is quite something. The MH11 is rechargeable with a light output up to 1000 lumens with a beam range of 320 metres and on low power has a run time of 100 hours. It is blue tooth compatible to a Connect APP which you can use to customise your own settings. It has an IP54 water rating and Red, Green and Blue LEDs for night vision. All in all this headlight is the ultimate for the outdoors. Retails at \$349.00 with a 7 year warranty.

Recently we have been approached to send and receive firearms from out of town due to the courier changes and our position on this is now on page 2 of this newsletter. For us to send and receive firearms there is more time and documentation than ever, and the cost of freight for them has gone up. So read on. Have a great month and stay warm. Cheers Ken

**The **Hunters Element** Avalanche Sale.....**

**Finishes Monday 10th June !!!**

**It's not too late to grab yourself a bargain**

**BUT**

**There is only limited sizes available.**

**Get in before someone takes the last one!!**

## So, you're thinking of buying or selling a FIREARM.....

If you are thinking of purchasing a new or second hand firearm from Seriously Outdoors then nothing has changed. If we have it in stock you will get a very good deal and you can take it with you there and then. Deal done, easy as!!! If we don't have it in stock we can order it in for you.

**\*\*Whenever a new firearm comes into Seriously Outdoors Ken gives it his initial check over, cleans the barrel, mounts and boresights the scope (if part of package) so you can be assured of a quality firearm, plus a free packet of ammo and sighting target.\*\***

**BUT.....(because of the now very restricted movement of firearms imposed by Fastways Couriers) if you want to buy privately (not locally) or via TradeMe then:**

- You need to fill out all appropriate paperwork obtained from the Police and wait until all procedures and checks have been carried out
- the Seller will have to get permission from his/hers local hunting shop, that carries a Licenced Firearms Dealer, to courier the firearm.
- You, the buyer, has to then seek permission from Seriously Outdoors (Ken—Licenced Firearms Dealer) to have that rifle sent to us.
- Ken will need to sight the “Certified Police Form” for verification.
- You will have to supply the contact details of the Hunting Shop so we can give him our Firearms Dealers information and courier instructions.
- The cost to you, the buyer, will be \$20 to cover all of Ken's time and costs.

### **Now, if you are wanting to sell privately.....**

- The District Arms Officer will verify all information and do appropriate checks and email the form to you, the seller. Once this is completed:
- You will have to get permission from Ken at Seriously Outdoors, to then courier the firearm to another Firearms Dealer at the buyers locality.
- Ken will need to sight the “Certified Police Form” for verification.
- The buyer will need to approach his/hers local Hunting Shop and seek permission to receive this firearm. They will need to supply to you that Hunting Shop's contact details and address to pass on to Ken.
- Ken will then contact the Hunting Shop for Firearms Dealers Licence details and courier details.
- The cost to you, the seller, will be approximately \$50 (depending on the weight of the firearm) for courier fees plus the, now extensive, Fastways paperwork. If Ken thinks the packaging is not adequate you may be charged a further small fee to cover cost of additional packaging.
- **DO NOT BE OFFENDED IF KEN REQUESTS TO SIGHT THE FIREARM BEFORE WE TAKE RESPONSIBILITY.**
- **NO RESPONSIBILITY IS TAKEN BY SERIOUSLY OUTDOORS WITH REGARDS TO THE CONDITION OF YOUR RIFLE PURCHASED ELSEWHERE.**

One for the ladies.....

**Very Short Story** Man driving down road. Woman driving up same road. They pass each other.

Woman yells out window, PIG!

Man yells out window, BITCH!

Man rounds next curve.

Man crashes into a HUGE PIG in middle of road and dies. Thought

For the Day: If men would just listen
