

HUNT. FISH. LIVE.

Seriously Outdoors Newsletter

March 2020

Well here we are at the start of March. Very hot days, in a drought and very low water flows in the rivers. This summer I think is the hottest and driest I can remember and I sure have not seen the Whanganui river this low. The amount of floating Algae is making fishing impossible at the present time. All we can do is sit this out, pray for rain and check our farming mates are ok. A good water supply on a farm this year is worth its weight in Gold.

On a slightly better note the ROAR is coming and we hope some rain falls to fill a wallow or two before then. From what I am hearing the animals are camping close to water so check out those river flats and creek beds where there is good cover. With the dry conditions I have found that the Stoney Creek Tuatara Alpine camo blends in well weather you are out in the open or on the fringe country so well worth a look at that in the Fast Hunt range.

For Safety's sake please wear some Blaze Orange clothing even if it is just a Hat or Cap so others can identify you. It needs to be clean and bright, not some thing that's been on the truck floor for a month.

The next and last reading of the Firearms Legislation Bill will be read and discussed in Parliament this coming week. So far some small changes have happened but we need NZ First to vote against this bill to stop it. There is a small glimmer of hope from Ron Mark but he is not enough, so lets hope for the best and prepare for the worst.

On a final note the Financial year for The New Zealand Deerstalkers Association starts on the first of March so it is a great time to join prior to the Roar. If you want to know more on the benefit of belonging to a National organisation that promotes recreational hunting, call in and have a chat.

PS please treat anything that moves in the bush this Roar as Human until positively identified otherwise. Better no antlers than no Mate.

Cheers Ken.

Be Careful of your wishes....

A married couple, in their early 60's were celebrating their 40th wedding anniversary in a quiet and romantic little restaurant. Suddenly a tiny yet beautiful fairy appeared on their restaurant table. She said, "For being such an exemplary married couple and for being loving to each other for all this time, I will grant you each a wish." The wife answered, "Oh, I want to travel around the world with my darling husband." The fairy waved her magic wand and—poof! Two tickets for the Queen Mary appeared in her hands.

The husband thought for a moment; "Well, this is all very romantic, but an opportunity like this will never come again. I'm sorry my love, but my wish is to have a wife 30 years younger than me." The wife, and the fairy, were deeply disappointed, but a wish is a wish. So the fairy waved her magic wand and poof!.... The husband became 92 years old.

The moral of this story: Men who are ungrateful bastards should remember fairies are female....
