

HUNT. FISH. LIVE.

Seriously Outdoors Newsletter

November 2019

Welcome to our November Newsletter.

Well we are just 7 and a bit weeks out from Christmas and the weather is starting to warm up finally. We do have to remember it is Spring so 4 seasons in 1 day is how it goes. There is a lot happening between now and Xmas. Taumarunui's Last Gun BUY back event on the 15th and 16th of November at the EELS Rugby club 10am to 3 pm.

29th of November is the Start of our BLACKOUT FRIDAY/CYBER MONDAY 4 Day Sale so watch for the Flyer later in the Month.

Taumarunui Christmas Parade on the 7th of December.

The 23rd of October was the last day to put in submissions for the Firearm reforms so I hope all our local hunters and target shooters did that. If the Legislation goes through unchanged it will have major consequences for all firearm users. Pray for some common sense along this road and hope the members of the select committee listen to the submissions and act appropriately. If not, we are up the creek without a paddle.

Two things to celebrate: Firstly the birth of Jade McCann, our granddaughter, on the 29th and Gill winning Silver in the NZ NABBA national body building competition in Women's Physique class 50 plus. This is a great achievement and shows how dedicated Gill has been to her sport. Cheers for now KEN.

Just a thought from Gill.....I know you probably don't want to think about this BUT...Christmas is only 7 weeks away!! Why not start shopping and putting your family's presents on **LAYBUY NOW** so you don't bust your bank account in the most expensive time of the year. **Make the most of our Blackout/Cyber Monday 4 Day Sale SPECIALS (more information coming to you later in November) to buy your Christmas gifts at a much reduced cost!!!!** Imagine a Christmas where you have already purchased (and we have gift wrapped) everyone's prezzies and you can relax and just think about what food (and wine) you will be serving on the big day!!

Come in and see us to get organized NOW!!

A Little Satnav by Pam Ayres

I have a little Satnav, It sits there in my car
A Satnav is a driver's friend, it tells you where you are.
I have a little Satnav, I've had it all my life

It's better than the normal ones,
My Satnav is my wife.
It gives me full instructions, Especially how to drive

"It's sixty miles an hour", it says, "You're doing sixty five".
It tells me when to stop and start, and when to use the brake, and tells me that it's never ever, safe to overtake.
It tells me when a light is red, and when it goes to green.
It seems to know instinctively, just when to intervene.
It lists the vehicles just in front, and all those to the rear.
And taking this into account, It specifies my gear.
I'm sure no other driver, has so helpful a device.
For when we leave and lock the car, it still gives its advice.
It fills me up with counselling, each journey's pretty fraught So why don't I exchange it, and get a quieter sort?

Ah well, you see, it cleans the house, makes sure I'm properly fed.

It washes all my shirts and things, and keeps me warm in bed!
Despite all these advantages, and my tendency to scoff, I only wish that now and then, I could turn the bugger off.
